

## Meter Read Schedule

NJNG offers the option of reading your own meter. You can avoid a calculated bill and more closely monitor your actual usage by reading your meter on months between NJNG meter reads.

**The process is easy.** All you need to know is when and how to read your meter and where to submit your read.

Your read cycle \_\_\_\_\_

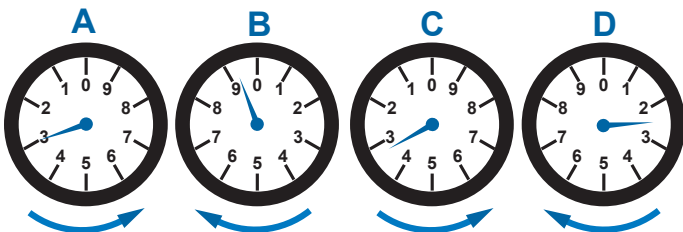

Your meter number \_\_\_\_\_

### Step One: When to Read Your Gas Meter

The timing of your meter read is important. You will need to provide your read by the dates marked with an asterisk (\*) on your schedule. NJNG is scheduled to read your meter on the other dates shown.

### Step Two: How to Read Your Gas Meter

NJNG uses two kinds of meters for residential customers. The direct dial meter reads like a digital clock. The most common type of meter has four or five clock-type dials as shown below, which are read left to right. When a dial hand is not directly on a number, record the preceding number. **Dial B** reads "9," and **dial D** reads "2." When a dial hand is directly on a number, check the hand on the dial to the right. If it is not on or past zero, record the preceding number. The hand on **dial B** is before zero, so **dial A** reads "2." On **dial D**, the hand is past zero, so **dial C** reads "3." The meter read below is "2932." To calculate your gas usage, subtract your last meter read from your current read.

### Cycle #10 2010 Schedule

Read-By Date	Read	Read-By Date	Read
01/20*	_____	07/21*	_____
02/19	_____	08/18	_____
03/22*	_____	09/17*	_____
04/21	_____	10/19	_____
05/20*	_____	11/17*	_____
06/21	_____	12/20	_____

\* Customer meter read date  
NJNG will read your meter on other dates shown.

### Step Three: Where to Submit Your Read

When submitting your read, you will need to provide the following information:

**Name**  
**Address**  
**Meter number**

**Meter read**  
**Date of read**
