NEW JERSEY NATURAL GAS ADVANTAGE

**Save Energy.
\$ave Money.**

Win Prizes!

NJNG is committed to helping our customers learn how to reduce their energy bills through our Conserve to Preserve® program. Now, for the second year, *Save Energy. \$ave Money. Win Prizes!* - our latest Conserve to Preserve effort - encourages residents (18 years and older) within our service territory to put their memory skills to the test for a chance to win some cool prizes.

The more you play the better your chances of winning a daily instant prize. And you will learn about practical solutions to save energy as well as valuable energy-efficiency rebates and programs along the way.

This year, we upped the ante and are giving away a total of \$27,000 in prizes, including iPads®, iPod® touches, Kindles® and gift cards to Home Depot®, iTunes® and Amazon.com®. And to top it off, one lucky winner will win the \$5,000 cash prize.

The energy savings game runs through July 14, 2012. Visit www.njng.com, click on the *Save Energy. \$ave Money. Win Prizes!* link and you may just come away a winner.

Community organizations also have a chance to win \$2,500 by encouraging people to play. As more people from the community group play the energy game, your organization's chances of winning one of two \$2,500 cash prizes increase. The promotion has a built in referral feature for organizations that allows supporters, friends and family to share the energy game with others. Click "Send to Friends" to get started.

Good Luck.

NO PURCHASE NECESSARY. A PURCHASE WILL NOT INCREASE YOUR CHANCES OF WINNING. LEGAL RESIDENTS OF ELIGIBLE ZIP CODES LOCATED IN NJ, 18 YEARS AND OLDER. VOID WHERE PROHIBITED. Promotion ends 7/14/12. Thank You for Supporting the Gift of Warmth

Over the years, thanks to the generosity of our customers, shareowners and employees, we have helped more than 20,000 families in our community stay warm during the winter months through the NJNG Gift of Warmth fund. The fund assists with heating costs for those facing financial hardship, sometimes the result of illness or unemployment.

Every dollar donated goes directly to those families in need, and NJNG matches your donation dollar-for-dollar, up to a total of \$80,000. To donate, simply indicate on the form below which option you prefer – a one-time donation or a recurring monthly contribution right on your NJNG bill. If you choose to make a one-time donation, we kindly ask that you write out a separate check to the Gift of Warmth. We appreciate your generosity.

Meter Safety Alert

At NJNG, we are scheduled to read natural gas meters on a monthly basis. For meter reading and other safety purposes, we are required to have unhindered access to the meter at all times. As spring brings new growth and plantings, be sure to keep the area surrounding your meter free of overgrown plants and other obstructions. Be cautious when mowing your lawn or operating other equipment around your meter. Do not lean ladders or metal objects against the meter. And never tie anything – including a dog leash, guy wire or ground wire – to a meter or its piping as this may cause a hazardous condition.

Help us prevent a potentially dangerous situation and notify us if you have a dog in your yard. For our employees' safety, call us so we can make a note on your account about any dogs on your property or if you have an invisible fence. This will alert our employees to take proper precaution when reading your meter. Following this advice will give our meter readers and other technicians easy access to your natural gas meter, especially in case of an emergency. If you feel your natural gas meter is in an unsafe location, such as too close to a driveway or under a deck, call us at 800-221-0051 for an assessment.

Plant a Tree:

Help Protect the Environment

Today, climate change is a major concern. The simple act of planting a tree will absorb just over one ton of carbon dioxide from the atmosphere, help fight global warming, improve the quality of our air and water, provide shelter for wildlife and enhance the quality of life for generations to come.

Help make a difference by participating in NJNG's Planting for Our Future program. For every \$5 donation received, one tree is planted. And NJNG will match all customer donations dollar-for-dollar, with 100 percent of donations allocated to planting trees in native forests across our country, including the Edwin B. Forsythe Wildlife Refuge in Ocean County. To date, together with our customers, we've planted over 37,500 trees and reduced carbon emissions by more than 50,000 tons!

Join our efforts to help protect the environment. Add your desired contribution to your NJNG bill or simply send a check in the enclosed donation envelope. Thank you for making a difference!
