Hon. Irene Kim Asbury, Secretary New Jersey Board of Public Utilities 44 South Clinton Avenue, 9th Floor P.O. Box 350 Trenton, NJ 08625-0350

RE: IN THE MATTER OF THE ESTABLISHMENT OF A UNIVERSAL SERVICE FUND PURSUANT TO SECTION 12 OF THE ELECTRIC DISCOUNT AND ENERGY COMPETITION ACT OF 1999 BPU DOCKET NO. EX00020091

NEW JERSEY NATURAL GAS COMPANY 2015/2016 ANNUAL COMPLIANCE FILING FOR THE UNIVERSAL SERVICE FUND PROGRAM FACTOR WITHIN THE SOCIETAL BENEFITS CHARGE RATE BPU DOCKET NO. ER1506____

Dear Secretary Asbury:

Please accept for filing in the Universal Service Fund ("USF") proceeding captioned above an original and 10 copies of the 2015/2016 USF/Lifeline Compliance Filing ("Compliance Filing") submitted by New Jersey Natural Gas Company ("NJNG" or the "Company"). Pursuant to Orders of the New Jersey Board of Public Utilities ("Board") dated April 30, 2003, July 16, 2003, June 30, 2004, and June 22, 2005, an annual compliance filing for prospective USF rates is required on or before July 1st of each year.

In order to streamline the Board's review of the required Compliance Filings from each New Jersey electric and natural gas company (collectively, the "Utilities"), the Utilities agreed to jointly submit one primary document containing the detailed rationale and supporting documentation for joint recommendations regarding the statewide USF/Lifeline rates. That information has been provided within the compliance filing of Public Service Electric and Gas Company ("PSE&G") ("Joint Compliance Filing"). The individual companies then submit abbreviated Compliance Filings supporting their individual positions and relying on the overall submission and positions included within the Joint Compliance Filing.

Therefore, NJNG accepts and relies on the 2015/2016 rate calculation template submitted in the Joint Compliance Filing for natural gas, including the requested statewide after-tax USF/Lifeline natural gas recovery rate of \$0.0108 per therm. The USF component is decreasing by \$0.0059 per therm and the Lifeline component is decreasing by \$0.0002 per

therm. These rates, resulting in an after-tax decrease of \$0.0061 per therm (from the current recovery rate of \$0.0169 per therm), represent an decrease of 0.63 percent on the average monthly bill for a residential heating customer, as shown on Exhibit NJNG-A attached hereto. Proposed tariff sheets are attached hereto as Exhibit NJNG-B.

In the June 21, 2010 Order in Docket No. EO09090771, the Board granted approval for the Utilities to defer and seek recovery of future administrative costs within certain categories of appropriate costs. In the September 30, 2014 Order in Docket No. ER14060613, the Board approved the disbursement of funds from the USF Trust Account maintained by the New Jersey State Department of Treasury to reimburse the utilities for their USF related administrative costs from August 1, 2013 through June 30, 2014. Attachment A of the Joint Compliance Filing includes NJNG's actual deferred administrative costs from July 1, 2014 through April 30, 2015 and estimated administrative costs for May 2015 through September 2015. Within the Joint Compliance Filing, the Utilities request full recovery of their deferred administrative costs in 2015/2016 USF rates in the month following Board approval of such rates from funds disbursed to the Utilities by the USF Trust Account.

NJNG requests that the Board accept its Compliance filing in conjunction with the Joint Compliance Filing and issue an Order granting the following relief:

- 1. Approval of a new statewide after-tax natural gas USF/Lifeline recovery rate of \$0.0108 per therm (an after-tax decrease of \$0.0061 per therm to the current statewide natural gas USF/Lifeline rate of \$0.0169 per therm) for natural gas service effective October 1, 2015 and
- 2. Authority to recover the deferred administrative costs included in the Joint Compliance Filing and to include those costs in rates.

Kindly acknowledge receipt of this Compliance Filing by date-stamping the enclosed copy of this letter and returning same in the stamped, self-addressed envelope. Copies are being provided electronically to all individuals listed on the attached service list.

If you have any questions regarding this filing, I can be reached at (732) 938-1073.

Respectfully submitted,

embra

Andrew Dembia, Esq. Regulatory Affairs Counsel

PROPOSED TARIFF SHEETS

BPU No. 8 - Gas

Twenty-<u>Fifth</u>Fourth Revised Sheet No. 51 Superseding Twenty-FourthThird Revised Sheet No. 51

<u>SERVICE CLASSIFICATION - RS</u>

<u>RESIDENTIAL SERVICE</u>

AVAILABILITY

This service is available to any residential Customer in the territory served by the Company using gas for any domestic purpose. This rate is applicable to individually-metered apartments and to rooming and boarding houses where the number of rental bedrooms is not more than twice the number of bedrooms used by the Customer.

Gas delivered under this schedule may not be used for other than domestic purposes except when such use is incidental to domestic use.

CHARACTER OF SERVICE

Firm gas service where Customer may either purchase gas supply from the Company's Rider "A" for Basic Gas Supply Service ("BGSS") or from a Marketer or Broker.

MONTHLY RATES

Customer Charge:

Customer Charge per meter per month

Delivery Charge:

Residential Heating

Delivery Charge per therm

Residential Non-Heating

Delivery Charge per therm

BGSS Charge:

BGSS Charge per therm for Sales Customers

See "Rate Summaries" at the end of this Tariff

MINIMUM MONTHLY CHARGE

The minimum monthly charge shall be the Customer Charge and the Demand Charge.

Where service is taken for less than one month, the minimum charge will be prorated.

DETERMINATION OF LOAD FACTOR

1. <u>Calculation of Load Factor</u>

Each Customer's load factor will be equal to the result of dividing the total annual usage by the highest single month's usage times twelve (12). The formula to be used is:

Load Factor = <u>Total Annual Use</u> Highest Month's Use X 12

Date of Issue: Issued by: May 21, 2015 Mark R. Sperduto, Senior Vice President Wall, NJ 07719 Effective for service rendered on and after OctoberJune 1, 2015

BPU No. 8 - Gas

Twenty-<u>Fifth</u>Fourth Revised Sheet No. 65 Superseding Twenty-FourthThird Revised Sheet No. 65

SERVICE CLASSIFICATION - DGC

DISTRIBUTED GENERATION SERVICE - COMMERCIAL

AVAILABILITY

This service is available to any commercial customer using distributed generation technologies including, but not limited to, microturbines and fuel cells.

CONDITIONS PRECEDENT

If the Customer is served by a Marketer or Broker, the Marketer or Broker assumes the responsibility for all delivery requirements. The Customer also must have clear and marketable title of gas with firm transportation capacity to the Company's distribution systems. If the Company so requests, the Customer must provide such proof. The Customer is responsible for payment of any costs if additional facilities, exclusive of metering facilities, are necessary to provide service. The Company reserves the right to limit new customers served under this service, if it determines that service expansion is detrimental to existing firm customers. The Customer must demonstrate that qualifying electric generation equipment has been installed at its location.

MONTHLY RATES

	DGC-Balancing	DGC-FT
Customer Charge: Customer Charge per meter per month	\$40.00	\$40.00
Demand Charge: Demand Charge per therm applied to PBQ	\$0.60	\$0.60

<u>SERVICE CLASSIFICATIONS - CNG</u>

COMPRESSED NATURAL GAS

AVAILABILITY

This service is available to any customer who would otherwise qualify for service under Service Classifications RS, GSS, GSL, FT, IS, or NGV and who will utilize natural gas for the purpose of fueling natural gas vehicles at Company owned compressed natural gas re-fueling facilities operated by the Customer on its property ("Host Customer").

Availability of this Service Classification is subject to the terms and conditions approved in BPU Docket No. GR11060361.

CONDITIONS PRECEDENT

The Host Customer must sign an Agreement with the Company. The Host Customer must provide assurance that it will use initially at least twenty (20) percent of the re-fueling facility's capacity. The Host Customer must agree to provide the general public with reasonable access to a re-fueling facility for purposes of fueling the general public's natural gas vehicles.

DEFINITION OF TERM USED HEREIN

"GGE" is the Gasoline Gallon Equivalent for converting a price per therm of natural gas to a price per gallon of gasoline. The GGE shall be determined in accordance with local standards.

CHARACTER OF SERVICE

Firm gas service where Host Customer may purchase gas supply pursuant to the Company's Rider "A" for Basic Gas Supply Service ("BGSS"), from the Company through a contract, or from a Marketer or Broker.

MONTHLY RATES

Customer Charge:

Customer Charge per meter per month

Delivery Charge:

Delivery Charge per therm

BGSS Charge:

Monthly BGSS Charge per therm for Sales Customers without a gas supply contract

See "Rate Summaries" at the end of this Tariff

<u>RIDER ''H''</u>

<u>UNIVERSAL SERVICE FUND – USF</u>

DETERMINATION OF THE USF

On an annual basis, the NJBPU shall consider the following: estimated USF benefits for upcoming USF program Year; estimated administrative expenses; the projected current year under/over recovery position, and annual forecasted volumes in order to establish a USF rate for the upcoming USF program year. This state wide rate shall be adjusted for all applicable taxes and assessments and shall be provided to all utilities to be included in their annual SBC filings for notice and public hearing purposes.

The Company shall calculate carrying costs on any under-or over-recovered USF balances based upon the twoyear constant maturity Treasury rate, as published in the Federal Reserve Statistical Release on the first day of each month, or the closest day thereafter on which rates are published, plus sixty (60) basis points; provided, however, that this interest rate does not exceed the overall rate of return as authorized by the Board. The interest rate shall be reset each month. The carrying cost calculation shall be based on the net of tax beginning and end average monthly balance. The carrying costs shall accrue on a monthly basis and shall be rolled into the USF balance at the end of each USF year.

The USF shall be collected on a per therm basis and shall remain in effect until changed by order of the NJBPU:

Lifeline	\$ 0.0059<u>0.0057</u>
PIPP	\$ <u>0.0110</u> 0.0051
USF Billing Factor	<u>\$0.0169</u> 0.0108

In accordance with P.L. 1997, c. 162, as amended by P.L. 2006, c. 44, the charges applicable under this Rider include provision for the New Jersey Sales and Use Tax ("SUT"), and when billed to customer exempt from this tax, as set forth in Rider "B", shall be reduced by the amount of such tax included therein.
