## GET THE MOST FROM YOUR ENERGY DOLLAR

It doesn't have to be winter for you to take advantage of our many tools and resources to help you better manage your energy bills. In fact, consider it a head start ...

### Save Energy & Money

NJNG offers customers the tools and resources to make wise energy decisions through Conserve to Preserve® (CTP). And to help you along, the Save Energy & Money section of our Web site, njng.com, is filled with energy-saving information and tools for both residents and business owners to help you save energy and money.

### CTP Shopper's Guide

NJNG provides a unique, online shopping experience for discovering energy-efficient products that match your needs and budget. Research and locate energy-efficient appliances and lighting currently in-stock at local retailers and online stores, with real-time results so that you can find the best deal in your area.

### CTP Dashboard

This online home energy analyzer offers a FREE home energy profile. You'll get a customized action plan, which contains useful information and cost-effective advice that can help make your home more energy-efficient and comfortable.

### The SAVEGREEN Project®

NJNG's energy-efficiency program, provides money-saving rebates and incentives to help make energy-efficiency upgrades more affordable. For more information visit [savegreenproject.com](http://savegreenproject.com).

### Register for FREE E-Tips

Sign up at My Account at njng.com to receive monthly e-mails filled with valuable energy-saving tips and updates on program offers and rebates.

**For more information on these and other Conserve to Preserve energy-saving tools and resources, visit the Save Energy & Money section of [njng.com](http://njng.com).**
