

New Jersey Natural Gas Advantage

For Your Business

From your local boutique to your neighborhood convenience store – SAVEGREEN on Main can help small businesses become more energy-efficient with 0% APR financing.

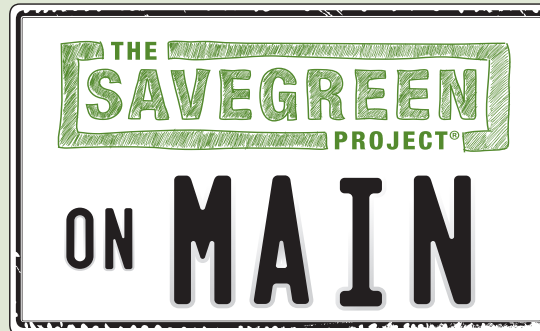

As a business owner, saving energy means saving money to put back in your business. SAVEGREEN on Main from NJNG's The SAVEGREEN Project® can get you started. Begin with a no-cost energy analysis to evaluate your equipment – HVAC, refrigeration, mechanical and commercial kitchen – along with your building envelope and lighting. You'll receive a customized report summarizing recommended improvements and a cost-benefit analysis.

We don't want upfront costs to be a barrier to energy efficiency. NJNG provides attractive incentives so you can:

- Finance up to \$50,000 at 0% APR for five years
- Take advantage of an upfront 20 percent incentive (on total project cost) to minimize out-of-pocket expenses
- Receive a 10 percent performance incentive when you gain 5 percent energy savings over a 12-month period.* 

Our team is ready to help make it affordable for you to implement the latest best practices in energy efficiency.

*For complete program details, terms and conditions, visit savegreenproject.com/businesses.

Designed for businesses with annual energy usage of less than 5,000 therms, SAVEGREEN provides affordable solutions to help reduce your energy usage and operating costs so you can focus on growing your business. Plus, all SAVEGREEN on Main projects include a smart thermostat!

Contact SAVEGREEN at 877-455-NJNG (6564) or savegreenproject@njng.com to get started saving energy and money today!
