

The **SAVEGREEN Project**[®] can help warm things up in your home

Upgrading to energy-efficient equipment has never been easier and more affordable. When you install qualifying equipment, you can now apply for combined **rebates of up to \$1,800** from New Jersey Natural Gas (NJNG) and New Jersey's Clean Energy Program[™] (NJCEP).

Or you may qualify for NJNG's **0% APR financing up to \$14,000** through our On-Bill Repayment Program (OBRP) and rebates from NJCEP. Replace the equipment you need now and return to access the remaining OBRP balance and even more rebates for additional equipment upgrades. Ask about our extra incentives for moderate-income customers.

Terms, conditions and eligibility requirements apply.
