Energy Assistance Days Are Here

We’re bringing Energy Assistance Days to a community near you throughout Monmouth, Ocean and Morris Counties. Now through October, join us — along with community action agencies — in person to get connected with programs to help pay your energy bills and one-on-one support with the eligibility and application process.

You may qualify. A family of four with a household income of \$150,000 could be eligible for FREE* grants to help pay your energy bills.

For dates, locations and what to bring, visit njng.com/energyassistance. Unable to make an event? Contact us at energyassist@njng.com or call 800-221-0051 and say “energy assistance” at the prompt.

**Terms and conditions apply.*

Utility of the Future: Advancing Carbon-capture Technologies

At NJNG, we are committed to advancing innovative, practical and cost-effective solutions to help lower emissions. We’ve recently taken another step in that direction as the first in New Jersey to install the Carbon Capsule®, a state-of-the-art carbon-reduction system from Carbon Reform.

The Carbon Capsule unit seamlessly integrates with existing HVAC systems to capture a building's carbon dioxide (CO2), while enhancing energy efficiency and helping to lower energy usage for the facility. The result is a technology that is easy to install, with the potential to reduce emissions. The installation of the carbon-reduction system at our facility provides insight to real-world applications.

We’re proud to lead the way toward a cleaner energy future for our communities.

NJNG senior vice president and COO Pat Migliaccio (center) is joined by the Carbon Reform team during the unveiling of the unit's installation at our Lakewood facility.

Energize Your Group with Our Speakers' Bureau

Looking to spice up your next community group, school or nonprofit organization's event? We’ve got you covered with dynamic presentations, including games and activities. Our Speakers' Bureau brings the energy— literally! We offer interactive sessions that are educational, engaging and tailored to your group. Topics include:

- **Energy Efficiency**
- **Natural Gas Safety**
- **Sustainability**
- **And more!**

Sessions can be customized to fit your group's interests. To schedule a presentation, contact us at 848-383-3251 or speakers@njng.com.

2025

Poster Contest

2025

Video Contest

Attention 5th Graders – Create a Poster with a Purpose!

Here's a great way to make learning about energy savings fun in your fifth-grade classroom. Your students will create colorful posters that show different ways to save energy. Three winning students will each receive:

- A tablet*
- \$1,000 toward their school's environmental project*
- \$500 for their class*
- \$100 for their teacher*

***NO PURCHASE NECESSARY.** Begins Monday, September 8, 2025, and ends Friday, December 5, 2025. Open to legal residents of New Jersey who are fifth grade students (traditional or homeschooled) in NJNG's service territory at time of entry. Void outside of New Jersey and where prohibited. For Official Rules, go to www.njng.com/education. Subject to full Official Rules.

Calling All High School Content Creators!

Here's your chance to **win one of three prizes of up to \$1,500!*** Develop a short video between 30 seconds and 2 minutes highlighting ways you can save energy and help create a more sustainable future. This year, we have an exciting twist with new themes:

- **The Energy Detective: Uncovering Hidden Waste**
- **My Energy Footprint: A Personal Journey**

***NO PURCHASE NECESSARY.** Begins Monday, September 8, 2025, and ends Friday, December 5, 2025. Open to legal residents of New Jersey who are at least 13 years old and a high school student (traditional or homeschooled) in NJNG's service territory at time of entry. Void outside of New Jersey and where prohibited. For Official Rules, go to www.njng.com/education. Subject to full Official Rules.

For information on both contests, visit njng.com/education or contact us at 848-383-3251 or contest@njng.com.

Stay in the Know with NJNG.

Keep an eye on your inbox for emails from us — @4you.njng.com and @njng.com — with account updates, safety tips, construction in your area and more.

Simple Tips for an Efficient Back-to-School Season

As summer winds down and back-to-school season approaches, embrace energy-saving habits at home. Unplug devices not in use; and when you're away, turn off lights and adjust your thermostat seven to ten degrees for eight hours a day to reduce your annual energy costs by up to 10%.

Employee Spotlight

Setting the Standard for Safety: Meet Alex N., Sr. Manager of Training and Safety Services

Ensuring natural gas is delivered safely and reliably to our customers starts with having highly trained, knowledgeable field employees, that's where Alex and his team come in. And there's more to Alex's than his professional expertise.

Find out more about Alex
