Sweepstakes open to legal residents of the state of New Jersey at least 18 years of age. Winners will be announced at each event and need not be present to win. Official Rules can be found at www.njresources.com/community/oceanfundays/rules.asp

Important Information on Compact Fluorescent Lights

According to ENERGY STAR®, CFLs contain an average of four milligrams of mercury (that compares to older thermometers, which contain about 500 milligrams of mercury or the equivalent to the mercury in 125 CFLs). No mercury is released when the bulbs are intact or in use. For more information on CFLs and how to properly handle and dispose of a burned out or broken CFL, please visit www.energystar.gov.

Attention to Safety: Inspect Your Piping

NJNG owns and maintains the natural gas pipelines and the service lines that lead up to your natural gas meter. However, safety does not stop at the meter. It is the homeowner's responsibility to inspect and maintain the pipes from the outlet of the natural gas meter to your natural gas appliances and equipment. These pipes can include fuel lines – both inside and outside your home or business – and buried lines that lead to outdoor appliances (such as a grill) or remote structures. Follow these safety tips to help prevent possible damage to your property:

Have a licensed professional locate and inspect the buried natural gas lines that originate from your meter and lead to your appliances and equipment. Keep a copy of the diagram for future use.

Periodically inspect for leaks, corrosion and damage to your pipes and equipment. When necessary, have a licensed professional immediately make repairs.

State LAW requires that all excavators – including homeowners, business owners and contractors – MUST call 811 or 800-272-1000 for a free markout of underground public utility lines (at least three business days prior to any planned digging). An NJNG contractor will mark out the service line that comes from the natural gas main to your meter. However, customer installed lines such as sprinkler systems, invisible fencing or low-voltage lighting, are not marked by our contractor. So, before you dig near buried pipes, use caution and hand locate the pipes in advance and then dig by hand.

At NJNG, attention to safety is our top priority – make it yours too! For more information about natural gas safety, visit My Safety at www.njng.com.

How To Reach Us

Call us:

Toll-free: 800-221-0051

People with hearing and speech impairments (TTY/TDD): 800-223-0024

Report a natural gas leak: 800-GAS-LEAK (800-427-5325)

Call before you dig: 811 or 800-272-1000

E-mail us: customerservice@njng.com

Visit our Web site: www.njng.com

Write to us: New Jersey Natural Gas 1415 Wyckoff Road, P.O. Box 1464, Wall, NJ 07719

Restoring Natural Gas Service to Your Summer Property

Spring is here and the Memorial Day countdown has begun. So chances are you're thinking about getting your summer home or business ready. Plan ahead and contact us to make arrangements to restore natural gas service to your summer home or business. Now's not too early. Remember, we receive many seasonal requests, especially for the Memorial Day and Fourth of July holidays, and appointments are scheduled in the order that they are received. Contact us 10 business days in advance. Just visit www.njng.com and login (or register) at My Account and click on the "Stop, Start Service" tab to get started. Or give us a call at 800-221-0051.

Get Social with NJNG: "Like Us" on Facebook for a Chance to Win an iPad 3

We actively engage in social media as a way to deliver our customers timely information about road construction, seasonal tips, updates to incentive programs, events, promotions and so much more. Moreover, it is our way of providing an additional avenue for you to connect with us, ask questions or even share energy-efficiency tips with others!

Customers who "Like Us" on Facebook between April 9 and June 8, 2012, are automatically entered for a chance to win an iPad 3. With the iPad 3 you get the full Facebook experience, right at your fingertips. It's a fun way to keep up with friends, share photos, chat and, yes, "follow us" on Facebook!

Are your friends also NJNG customers?

Well, get them in on it too!

Visit www.facebook.com/NewJerseyNaturalGas, "Like Us" and then fill out the entry form.

Have a Smartphone? "Like Us" now for a chance to win!

*1 NO PURCHASE NECESSARY; 2 Sweepstakes ends at 4 p.m. New Jersey time June 1, 2012; 3 Sweepstakes open only to customers of NJNG who are legal residents of the State of New Jersey, at least 18 years of age and who have an active NJNG account on the date of the Sweepstakes entry submission. Employees, directors and officers of NJNG, its parent company, affiliates and subsidiaries, as well as their immediate families and household members are not eligible; 4 Complete rules are available at www.njresources.com/community; 5 VOID WHERE PROHIBITED.
